Portfolio

PROFESSIONAL SUMMARY

Innovative and detail-oriented Software Developer with over 3 years of experience in mobile app development. Adept at creating user-centric applications with a strong foundation in Computer Science and Software Engineering principles. Proficient in Flutter, Dart, Java, and Kotlin, with a proven track record of deploying high-quality apps to the Google Play Store. Skilled in problem-solving, teamwork, and delivering scalable, maintainable solutions.

SKILLS

Flutter, Dart, Java, Kotlin, Android, Cross-platform Development, Material Design, Flutter Web, Flutter Desktop, Provider, Bloc, Riverpod, MVVM, Clean Architecture, State Management, Performance Optimization, REST APIs, Firebase, JSON, SQLite, Shared Preferences, Hive, Git, GitHub, Agile Methodologies, Google Play Store Deployment, Problem Solving, UI/UX Design

EXPERIENCE

Freelance Mobile App Developer | Self-Employed | Assiut, Egypt

Jan 2022 – Present

- Developed and deployed cross-platform mobile applications published on Google Play and the App Store.
- Built QInvite, a smart event invitation platform with RSVP, QR check-in, and live attendance tracking.
- Built Teams Academy, the official mobile app for Teams Educational Center with order tracking and biometric login.

Student Mentor | ICPC Assiut University Community | Assiut, Egypt

Oct 2023 – Present

- Mentored peers in preparing for programming contests, focusing on algorithm design and problem-solving techniques.

EDUCATION

Bachelor's Degree in Computer & Information Sciences | Assiut National University

Oct 2022 – Jun 2026

DEPI Scholarship Trainee | Ministry of Communications & Information Technology (MCIT), Egypt

Apr 2024 – Dec 2024

- Completed hands-on training in advanced IT with a focus on Flutter and Dart.

CERTIFICATIONS

- Flutter & Dart Development Course – Udemy (Jul 2022)
- Deep Dive into Clean Architecture in Flutter – Udemy (Aug 2024)
- Digital Egypt Pioneers Program (Mobile App Developer & Team Leader) – MCIT, Egypt
- Egyptian Collegiate Programming Contest (ECPC) – Finalist

FEATURED PROJECTS

QInvite

Smart event invitation platform with digital invites, RSVP, per-guest QR codes, and live check-in.

Technologies: Flutter, REST API

[Google Play](#) | [App Store](#)

Teams Academy

Mobile hub for Teams Educational Center students — service requests, notifications, rewards, and biometric login.

Technologies: Flutter, Firebase, REST API

[Google Play](#) | [App Store](#)

Yalla Bena

Arabic true/false trivia game with categories (football, history, landmarks, movies), scoring, and full RTL support.

Technologies: Flutter, Dart

[Google Play](#) | [App Store](#)

Letter Power

Word puzzle game with 1,000 levels — rearrange scrambled letters via drag-and-drop to form words.

Technologies: Flutter, Dart

[Google Play](#) | [App Store](#)

Rasbras

Multiplayer Arabic trivia game — join live sessions with a code, compete in real time, and climb the leaderboard.

Technologies: Flutter, Dart
